

## AMNESTY INTEREST RATES

Interest for Amnesty returns is simple interest.

The interest rates for Amnesty returns are:

1983 - 1996    8% per year

1997 - 2001    5% per year

You will need to add the interest amount to your tax due when calculating your total liability for Amnesty.

Please use the calculator below to assist you in determining your interest due and total liability. Find the Tax Year for your Amnesty return, enter the amount of tax liability due in the corresponding Tax Due column and press enter.

You may enter multiple years on the calculator.
